PAPUA NEW GUINEA & the SOLOMON ISLANDS

2026 Cacao Adventures

Join us on an adventure of the heart and into the heart of Pacific Cacao

What To Expect...

What to expect is the unexpected! This is not a staged tour or retreat, rather a true adventure into the heart of Pacific Cacao, often reaching Cacao communities never visited before. An adventure that celebrates and honours the families who farm Cacao, the land, the traditional ways of the pacific and your heart and connection to Cacao.

We have included a taste of how the journey will unfold, but of course this is the Pacific and everything is on island time and always changing. This is a rare one of a kind Adventure that is made possible through our depth of knowledge of the Pacific, of Cacao and the amazing Pacific communities who grow Cacao.

True Eco tourism as we venture into new territories, creating income in local villages and that celebrates their natural way of life. We eat, sleep and wash as is the local way. Nothing changed or made special, **simply the power of hearts truly meeting hearts.**

And through it all, Cacao will hold you, we will hold you, the group will hold you as you unfold into the rarity and **life changing moments** that is always present through the Cacao Adventure.

All of the food in the village is local cuisine, tropical fruits, fresh, local greens, taro, kumara, coconut..and of course we will drink copious amounts of cacao.

Join us for this once in a lifetime adventure, merge into the Pacific realm of Cacao on every level, close the gap between you and the ingredient that makes chocolate and cacao and open up your life in a who new way through the magic that is Pacific Cacao and the communities that we will have the honour to stay with.

PNG Cacao Adventure

17th – 27th July • 11 days & 10 nights
